

Lakeside Studio is a two bedroom "vogue" style studio on the edge of Lake Sambell. The boutique unit accommodates up to 4 people comfortably with a queen bed in one bedroom and a double in the other room.

The studio is situated on the same grounds as Lakeside Chalet and can be booked together with the Chalet for larger groups, or booked separately for smaller groups.

Lakeside Studio has its own carport space, TV, CD player, reverse cycle air conditioning and brand new kitchen and bathroom with washing machine/dryer. It has very high standard cutlery, crockery and fittings. It has its own BBQ, outdoor furniture and swing.

The linen is very romantic and one bedroom boasts a writing desk for those who wish to spread out comfortably with their laptops or written work.

Electric blankets, microwave, toaster, fridge and dishwasher make it a very easy stay. Modern white venetian blinds give it a fresh appeal together with a clean uncluttered décor.
